One Week Online Training Program on
Recent Trends in Academic Writing

20 - 24 May 2020

Organized by
University Library and
Department of Extension Education
VNMKV, Parbhani

Academic Writing

Academic Writing

Introduction:

University Library and Department of Extension Education VNMKV, Parbhani jointly organizing One Week Online Training Program on Recent Trends in Academic Writing. The main objective of the workshop is to create awareness about the burning issue plagiarism and ethical aspects of academic writing. The training program will also focus on the recent platforms for research and awareness about citation databases like SCOPUS, Web of Science etc. National Institutional Ranking Framework (NIRF) has given a good weightage for the research activities in the process of ranking of the institutions. Also NIRF has mentioned specific national and International database to measure the research productivity of an institution. The awareness about the national and international citation databases will be helpful for the faculty members to find out the proper source for the publication for their research work. Obviously it will be helpful to increase the research productivity of our University as per expectations of the NIRF. The training program will be helpful to increase research productivity of our University.

Recently UGC has cleared its policy against plagiarism and plagiarism is considered as a serious academic offence. Experts of the training program will discuss about the burning issue of plagiarism which will be helpful to detect and avoid plagiarism in research work and academic writing. Proper citing of the reference sources is helpful for avoiding plagiarism. The seminar includes discussions on managing and citing references with the help of modern open source ICT tools. The experts will discuss about the modern open source IT tools for the reference management.

Objectives:

1. Awareness about the recent trends in academic publishing.
2. To create awareness about ethical use of information.
3. Detecting and avoiding Plagiarism in Academic writing.
4. To know the National and International Citation Databases.

Who will participate?

- * The workshop is exclusively organized for the Faculty Members of the VNMKV and its constituent colleges and research centers.
- * PG Student & Ph.D students of the VNMKV and its constituent colleges and research centers.
- * Participants from other institutes may also register for the training program but registration doesn't mean confirmation. If the seats are available the outside participants will be selected on the first come first basis.
- * The selected participants will get the confirmation by email. The selected participants will get the link for joining the training on their email before 10 minutes of scheduled session. Link will not be sent on WhatsApp.
- * The participants are requested to check their email regularly.

Expected outcome of the Seminar

1. Plagiarism will be avoided in the academic writing.
2. Research scholars will be able to manage references in their thesis/research work with modern ICT tools.
3. Awareness about National and International databases will be helpful to increase research output of the university.

Registration

- * The faculty members are requested to take verbal/written permission from concerned authorities so that they will get academic benefits of the training in future.
- * While filling the online registration form, due care has been taken. Please write/type your email ID correctly.
