

Name : JADHAV VISHVAPRATAP DNYANOBARAO
Designation : JUNIOR ENGINEER (ELECTRONICS ENGINEER)
Education : INSTRUMENTATION ENGINEERING
E-mail : jeetc.nahep.vnmkv@gmail.com
Mobile no : 8329789564

Working Profile :

He is currently working as junior engineer (Electronics engineer) in : Agri-Drones, division at NAHEP-CASST-DFSRDA, Centre, VNMKV PARBHANI, (M.S), in ICAR and WORLD bank sponsored project of Centre of Excellence for Digital Farming Solution for Enhancing Productivity by Robots, Drones and Automated guided Vehicles (AVGs). He hold B-tech Instrumentation engineering degree. In NAHEP center his is working on design and development of Agricultural Automation Based on PLC, SCADA, HMI, IoT and Design & Development of Agricultural Drones.

Research Interest:

- 1) Design and development of smart Digital Automation Systems For Agriculture Field.
- 2) Design and development of Agricultural Drones for Spraying, Mapping and Scouting.
- 3) Design and development of smart Digital Food processing automation.
